BAM Civil,
NCH Enabling Works Contract,
St. James's Hospital,
Dublin 8.

3rd August 2017.

Dear Resident,

As you are aware, there are two movement monitors, referred to as Automatic Monitoring Stations (AMS), located to the rear of O'Reilly Avenue on the site side of the new hoarding. Due to the removal of a retaining wall on the site side of the hoarding it is necessary for one of these AMS's, currently located at the rear of No. 73 O'Reilly Avenue to be relocated to inside the hoarding. The relocation of this monitor will involve, removing a hoarding panel, repositioning the AMS monitor (and support block) and refitting the panel. This will take place on Friday 4th August 2017 and will take approximately two hours.

As previously communicated, there will not be any other work taking place between the hoarding line and the rear of O'Reilly Avenue until further notice.

BAM Civil confirm that enabling works will continue to take place between the hours of 0700-1900.

Should you have any questions please do not hesitate to contact the designated 24/7 resident's helpline service on 01-531 1110.

Regards,

Garry Keegan
